Facility: The Daycare at Ruff Cuts is an 800 square foot enclosure featuring a 400 square foot play area with interesting and fun things for the animals to play with. Each pet is provided with his/her own private crate for rest time.

Philosophy: We understand the anguish and guilt that can come from leaving your dog at home alone all day. We'd sooner see your dog playing and having fun with other dogs while being closely supervised. A dog that has plenty of exercise and play during the day will be a happier and calmer dog at night. That is our goal...to do what we can to make your life and household more enjoyable by taking a little of the pressure off. Your pet will be supervised constantly while he/she is out of his/her crate and that will be most of the day. Your pet will be walked, fed and watered as often as you feel is necessary. We want you and the animals to look forward to coming to Daycare at Ruff Cuts.
